GRANITI FIANDRE'S MEGALITH MAXIMUM

Graniti Fiandre's Megalith reinterprets the ancestral charm of stone, on which humans have always written their stories. The age-old practice of building monumental structures by working on raw materials comes symbolically to life again thanks to the intense simplicity of Megalith.

Available in the 100x100 cm format, this series comes in five intense, veined tones designed to model and coat any style of architecture.
