VitrA launches V-Care

VitrA, one of the leading bathroom solutions brands of Eczaçobagi Building Products Division in Turkey, introduces V-Care – the new generation of Shower Toilets. Designed by the famous design studio NOA, the innovative make of shower toilets combines the functionality of a toilet and cleaning properties, while offering an impressive WC design and increased comfort. V-Care can be used via a remote controller which is very easy to use and helps in controlling features like nozzle position, water pressure and the temperature of the water and the seat. Offering elegant designs with advance technology, this range virtually suits any kind of bathroom.

LED Products by Chemtrols Solar

Chemtrols Solar, one of India's leading solar companies, recently launched a range of portable LED based Solar Lamps and phone chargers, under the brand 'Solarway'. The products are child-safe and non-hazardous with Lithium-ion or Alkaline batteries making these extremely lightweight. These are portable, easy to handle, simple to operate, and offer long-duration lighting after a single charge cycle, making it ideal for overnight outings, treks and for emergency and disaster relief applications. In addition to providing power, all Solarway products also have ports that enable easy charging of mobile phones.

Kids Collection by Zynna Furnishings

Zynna Furnishings, a one stop destination for interiors has recently come up with its fascinating range of Kids Collection that includes wall coverings, fabrics, carpets and flooring for babies to teens. Interesting visual designs from murals to cartoon characters; a wide selection from stripes to theme based fabrics like Bird House to Pirates, will add both colour and texture to a room. The animated and subtle tone collection will bring in the melange effect, and a diffused look, making it easier to introduce a strong colour into a home, without overpowering the room.
